St Brannock's Church is supporting this group of Braunton people by giving the use of the Church Minibus. We are now asking for donations of supplies that are needed. We are liaising with Rotary Clubs in Hungary and in the Ukraine and between us all we have come up with this list of items of which they are in desperate need.

If you feel you can help, please leave your donation at any of the collection points.

The Braunton Caen Rotary Club has agreed to take in any monetary donations that can be used to purchase additional items prior to departure.
